

IN-PERSON HYBRID MEETINGS, VIDEOCONFERENCES, WORKSHOPS

60489 Frankfurt Main - Eschborner Landstraße 164

T +49 69 74 306 761 - @: anfragen@loftage.de - www.loftage.de.

 LOFTAGE Rhein Main

You use pod-, webcasts and videoconference, to communicate with your clients, sales partners and staff members.

What you need for an IN-PERSON event:

Rooms: large air volume, minimal infection risk,
Technical Equipment: optimal cost, fixed installation, redundant capacity, strong performance
failue of components must not interupt communication.

Our house complies with these postulates:

Operation: after short instruction, without technical support possible
Fixed Installation: rapid readiness, no cost for re- /de-installation
Internet: glass fiber 90 /30 and DSL 60 /20 (Mbits Down- /Upload)
Redundancy: high availability, minimal failure risk
Technical equipment: state of the art components, software control via tablet
Audio: Tablet controled microfones, sound volume in the room
Projection: in two rooms, powerful laser beamer (5.500 ANSI)
Video: camera software, four channels, three cameras

022 WHAT ? GROUP DYNAMIC WORKING

e.g. SIMULTANEOUS WORKSHOPS „ON LOCATION“ AND ABROAD

IN-PERSON Hybrid Meetings, save traveling costs and time.

022 HOW ?

TECHNICAL EQUIPMENT /FAILURE PROOF, EASY TO OPERATE

VIDEO WORKPLACE

FIXED INSTALLATION

++ no time, cost for re- /de-installation or tests

MODERN OPERATION

++ Tablet & Laptop (pictogram control)

EASY to USE

++ short instruction, training

++ no support necessary

MODULAR SYSTEM (to cope in case of a breakdown)

++ Beamer, mikrofonen, DSL & glass fiber

++ high availability rate

ADVANTAGE: cost and availability

2022 HOW MUCH?

CAPACITY and TECHNICAL EQUIPMENT

LIBRARY

	Lenght (m)	Width	Height	Footage (m ²)	Volume (m ³)	Air (m ³ /h)
